

Everyone at OPFC couldn't be prouder of Zac (2011B) and Kellan (2010B) for being selected to attend the U.S. Soccer Talent ID Center in Seattle, WA. This is a huge accomplishment that speaks to their hard work, dedication, and exceptional abilities on the field. Zac, a key player in our 2011B Academy, has demonstrated an unwavering commitment to developing his game and elevating the level of play within our club. Kellan, was a key piece in the success of our 2010B Academy for the past 3 seasons. Kellan has since been selected by the Portland Timbers Academy, where he continues to represent OPFC by showcasing his talents at the next level

Both players embody the values we expect from our athletes each time they step onto the field, and their success is a testament to the solid foundation they've built here at OPFC. It's truly rewarding to see them recognized at such a high level by U.S. Soccer, and we are excited for them to test themselves against the region's top players in front of U.S. Soccer scouts. This achievement is not just a personal milestone for Zac and Kellan but also a reflection of the hard work and dedication of everyone involved at Oregon Premier FC.
